

### EDGE® FROST RIPPER

EDGE frost rippers are specifically designed to pre-rip frozen ground and tough soil that exceeds a buckets recommended tolerance. It is also an excellent tool for removing stumps, roots and re-bar.

### OPERATIONAL BASICS

The EDGE frost ripper features T-1 steel in all critical and high wear components to extend the life of the attachment. The 24" ripper body is supported by rigid gussets for extra rugged applications. Hardened bushings are standard at all pivot points.

### FEATURES

- Replaceable single point tooth to maximize penetrating power
- T-1 steel used in all critical and high wear components
- Available in various sizes for compact excavators or backhoes
